

OCA FILE DCE  
 REPT # \_\_\_\_\_

11 April 1986  
OCA: 86-1115

NOTE FOR: The Director  
DDCI-Designate

FROM: Dave Gries

SUBJECT: Reserve for Contingencies

STAT  
will advise  
when I write again  
in Sept; then we  
call Dunn, Benton STAT  
and Hollings

1. Having talked to Boren, Bradley and Cohen, I recommend that you now meet with Durenberger and that Bob Gates, if voted on by the full Senate, approach Leahy. If you agree, we will arrange a fifteen-minute call on each of them in their offices next week. After the meetings with Durenberger and Leahy, we will probably recommend that you also telephone Bentsen, Nunn, Hollings and that Bob, if voted on, call Murkowski and Roth. I will telephone or call on Hatch, Hecht, McConnell and Specter.

2. These meetings and telephone calls will provide an opportunity to raise both the Reserve problem and Gramm-Rudman. I believe it will be time well spent.
